Texts

"The Italian performance artist Nike Brass Alghisio promises a spectacular finissage her current exhibition at Galerie Fango" LR

"In erster Linie ist sie jedoch Malerin, die ihre Werke in figürlichen, neo-symbolistischen Motiven präsentiert. Inspiriert von persönlichen Begegnungen und ihrer aristokratischen Herkunft stellt sie reale Charaktere dar. Metaphorisch thematisiert sie gebrochene Ideale, die Dekadenz der westlichen Kultur sowie Konsum, Schmerz, Leid und die Psyche ihrer Generation. Sie vereint Surrealismus, Realismus und Hyper-Realismus und schafft somit einen lebendigen Rahmen in dem auch das Selbstbildnis der Künstlerin in ihrer grotesken, schonungslos offenbarenden Szenerie in Erscheinung tritt..." ,Blicklicht, p. 23 , Robert Amat-Kreft , 2013

"The Italian performance artist Nike Brass Alghisio promises a spectacular finissage her current exhibition at Galerie Fango" LR zeitung , Cottbus, 2013

"...the story behind Nike's new paintings FOLLOW THE RAINBOW NOT THE WHITE RABBIT, a sort of invitation for all of us to admit our weaknesses and imperfections, because at the end they make who we really are. There's no judgment, no criticism in Nike's position, just a urge to honesty: follow the rainbow of being and discover what's at the end of it..." Cell63 Art Gallery , Luisa Catucci , 2012
